## Notes

- All fonts in the list are included with Mac OS X 10.4 and the WWDC 2007 seed of Mac OS X 10.5
- American Typewriter includes Bold, Light, Condensed, Condensed Bold, and Condensed Light, but does *not* include any italics on iPhone.
- Arial Rounded MT does not include italics.
- Courier is not included on iPhone, but if specified, MobileSafari will substitute Courier New.
- Helvetica Neue is not included on iPhone, but if specified, MobileSafari will substitute Helvetica. (Also, even on Mac OS X, the Condensed Bold and Condensed Black weights of Helvetica Neue do not have italics.)
- Times is not included, but if specified, MobileSafari will substitute Times New Roman.
